Rev. D. McGillivray, D.D.,

143 North Szechuen Road,

Shanghai, China.

My dear Dr. McGillivray:

Many thanks for your letter and the enclosure from Mr. Yui. We are all pleased that the legislation went through at last, and I am glad that we may expect to see you in Canada in May, because by talking the matter over we can perhaps lay down some regulations or methods that will get the scheme under way.

The recent elections have been very satisfactory to us in Canada but I now believe that we shall push the war through to the end.

With kind regards, I am,

Yours sincerely,

President.
